Wapice Ltd is digitalization partner for industrial companies. We help our customers transform into digital champions for creating a better future. Our competence ranges from electronics design over embedded software up to mobile and cloud based software solutions. We offer expertise in the areas of cross-platform systems, communications systems, monitoring systems, industrial web systems, commercialization and customized industrial software and tools. Currently our own product portfolio consists of three cloud based products IoT-TICKET®, SUMMIUM® and EcoReaction.

Financially solid & reliable

wapice.com/jobs

Co-workers are helpful if you need help and team spirit is good.

Friendly atmosphere.

Interesting projects changing over time.

Monipuoliset ja vaihtelevat työtehtävät.

Näköalapaikka teollisuuteen ja teknologioihin.

Flexibility in shaping own work time and finding work/life balance according to my own preference is great.

Trust, ability to affect how to complete tasks and projects with own visions/solutions.

Opportunity to work with latest technologies.

Wapice tarjoaa monipuolisen ja haastavan työympäristön, pitää työntekijöistään huolta, ja mikä tärkeintä täällä on aivan huiput työkaiverit!

The absolute #1 reason I enjoy working in Wapice is that you are surrounded by true experts. Wapice is big enough to find always someone who knows the answer to your problem. But small enough to find that person easily.

WHY TO WAPICE?

You learn new stuff and keep developing your knowledge.

Töitä tehdään ahkerasti, mutta pilke silmäkulmassa ;)

We offer you a viewpoint to Finnish industry software and a chance to work in close partnership with our customers.

You will also be offered a possibility for a long-span competence development together with your professional and casual team mates.

› **Interesting and growing** business domain

› Agile Organization

› **Flexible contracts** – easy to combine with studies

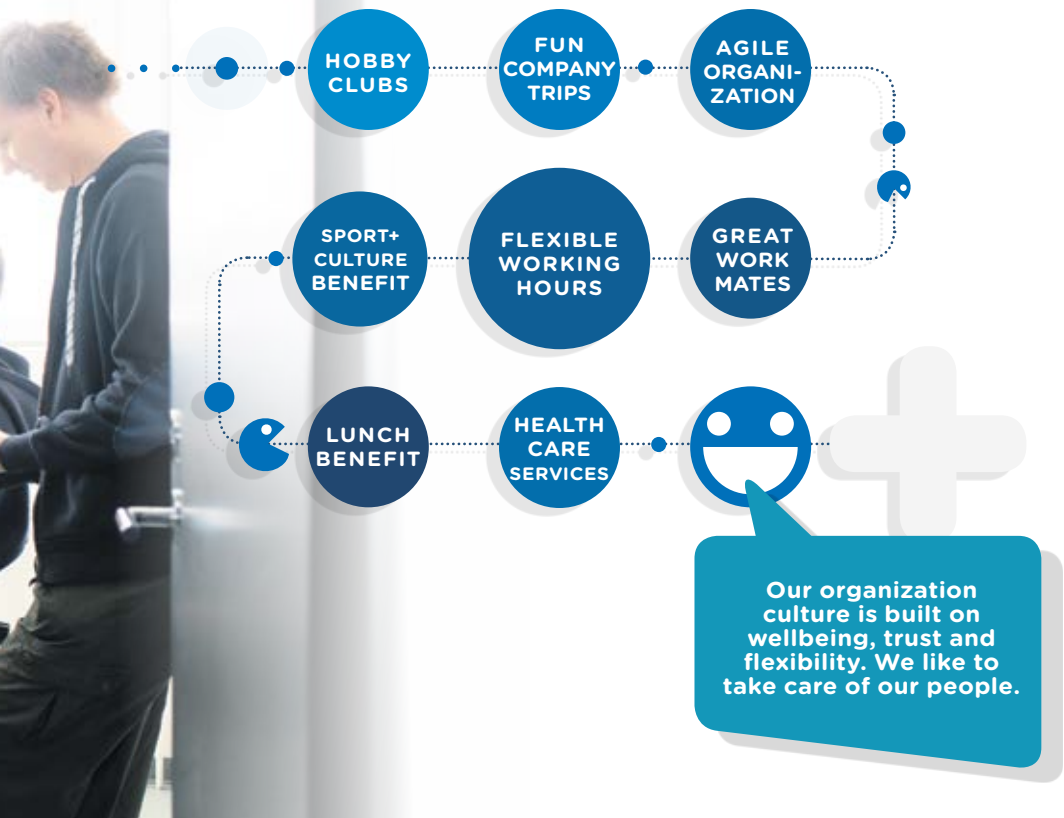

› **Versatile** career opportunities

› **Professional** and easy-going colleagues

WAPICE BENEFITS

WAPICE PROJECTS

IOT-TICKET.COM

IOT-TICKET® IS THE INTERNET OF THINGS OFFICE SUITE. IT IS **ACOMPLETETIOTPLATFORM** COVERING DATA ACQUISITION, REPORTING, DASHBOARD AND ANALYTICS.

WRM247+ IS A ROBUST DEVICE FOR REMOTE MANAGEMENT, MEASUREMENT AND CONTROL. THIS LINUX BASED DEVICE CAN BE USED INDEPENDENTLY OR AS A PART OF INTERNET OF THINGS PLATFORM SUCH AS WAPICE'S IOT-TICKET.

It supports the most common field buses, has plenty of I/O and wireless connections to the cloud.
