Private ownership

Wapice Ltd is a leading technology partner for industrial businesses. We do tailored software projects in the areas of embedded systems, industrial systems and business solutions. We focus strongly on industrial digitalization and IoT – by creating tailored solutions and developing our own product, IoT-TICKET®. In addition, our own portfolio consists of SUMMIUM® and ECOREACTION® –products.

Financially solid & reliable

**WANT TO
BELIEVE**

**Are you fascinated by
industrial environments
and get excited of
challenging yourself and
your team for continuous
development?**

**Intelligence
for ingenuity**

WHAT ARE WE LOOKING FOR?

SW DESIGNERS

- C/C++, Qt/QML
- Embedded Device Security
- Embedded Systems Software & Hardware
- Industrial Cyber Security
- IoT Cloud
- Java
- Microsoft .NET
- Service design, UI/UX design
- Software Test Automation
- WEB TECHNOLOGIES: JavaScript, Angular.js, React, HTML5, etc

Join our customer project teams and product development groups on any of these technology domains

Do you know some of these competence areas? Then you're a candidate

www.wapice.com/jobs

Co-workers are helpful if you need help and team spirit is good.

Friendly atmosphere.

Interesting projects changing over time.

Monipuoliset ja vaihtelevat työtehtävät.

Näköalapaikka teollisuuden ja teknologioihin.

Flexibility in shaping own work time and finding work/life balance according to my own preference is great.

Trust, ability to affect how to complete tasks and projects with own visions/solutions.

Opportunity to work with latest technologies.

The absolute #1 reason I enjoy working in Wapice is that you are surrounded by true experts. Wapice is big enough to find always someone who knows the answer to your problem. But small enough to find that person easily.

You learn new stuff and keep developing your knowledge.

Wapice tarjoaa monipuolisen ja haastavan työympäristön, pitää työntekijöistään huolta, ja mikä tärkeintä täällä on aivan huiput työkaiverit!

WHY TO WAPICE?

Töitä tehdään
ahkerasti, mutta pilke
silmäkulmassa ;)

We offer you a viewpoint to Finnish industry software and a chance to work in close partnership with our customers.

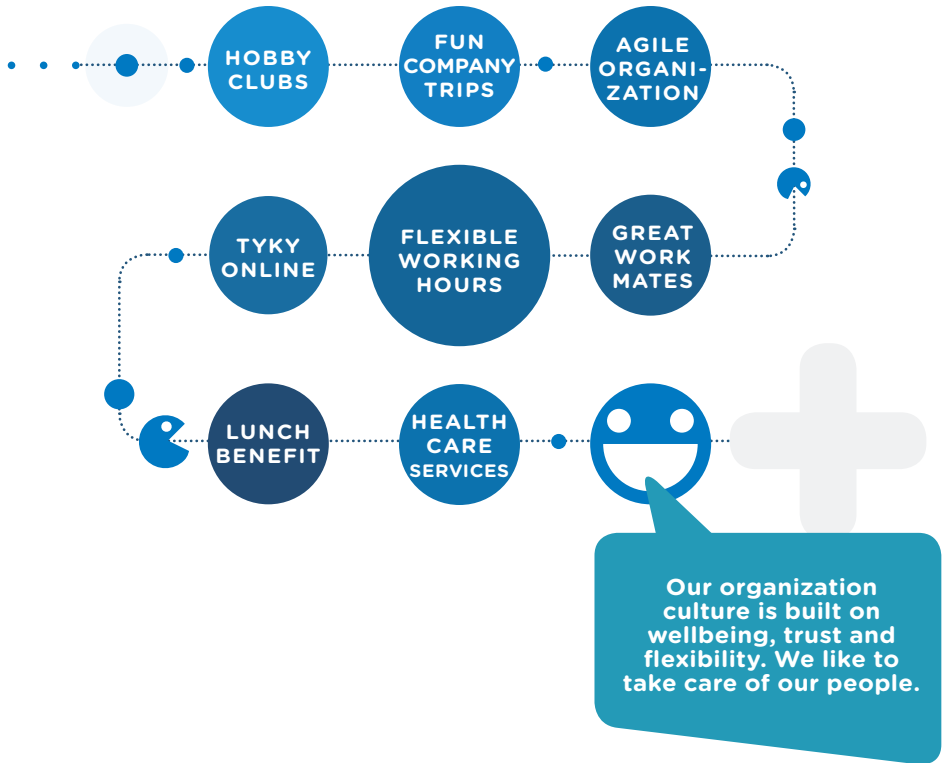

You will also be offered a possibility for a long-span competence development together with your professional and casual team mates.

- › **Interesting and growing** business domain
- › **Amount of software increases** in industry
- › **Flexible contracts** – easy to combine with studies
- › **Versatile** career opportunities
- › **Professional** and easy-going colleagues

WAPICE BENEFITS

EXAMPLES OF OUR PROJECTS

IOT-TICKET® IS THE INTERNET OF THINGS OFFICE SUITE. IT IS **A COMPLETE IOT PLATFORM** COVERING DATA ACQUISITION, REPORTING, DASHBOARD AND ANALYTICS.

WRM247+ IS **A ROBUST DEVICE FOR REMOTE MANAGEMENT, MEASUREMENT AND CONTROL.** THIS LINUX BASED DEVICE CAN BE USED INDEPENDENTLY OR AS A PART OF INTERNET OF THINGS PLATFORM SUCH AS WAPICE'S IOT-TICKET.

It supports the most common field buses, has plenty of I/O and wireless connections to the cloud.

SUMMIUM® IS A BROWSER-BASED **SALES TOOL FOR CONFIGURING, PRICING AND QUOTING (CPQ)** PRODUCTS, SERVICES AND ENTIRE PROJECTS.

Summium is our own sw product.
Key technologies used: **Java, Spring Boot, Hibernate, Vaadin.**

Over 1 billion euros of Finnish export products are sold annually through Summium.

PONSSE SERVICE APPLICATION IS A **HYBRID MOBILE APP**. IT GETS YOU CLOSER TO MANY INTERESTING PONSSE SERVICE PRODUCTS LIKE FOREST MACHINE ACCESSORIES.

WE WANT TO HEAR FROM YOU!

TELL US WHAT
YOU'VE DONE AND
WHAT'S YOUR
PASSION!
